

SAFESCAN 2000

BANKNOTE COUNTER

POCKET-SIZE BATTERY OPERATED

The Safescan 2000 is ideal for people who are regularly on the road.

And works both on batteries and the mains. In spite of its modest appearance this portable solution is fast. Even very fast, because with this appliance you can effortlessly count up to 600 notes per minute. Also in the event that the light conditions are less favourable: on the illuminated display you can easily read out the numbers. The Safescan 2000 comes supplied with a mains adapter and practical storage case. Suitable for the existing Euro banknotes and new Europa series banknotes
