

SAFESCAN MCS

MONEY COUNTING SOFTWARE

COUNTING RESULTS ON YOUR PC

With the Safescan 2665, 2685 and 6155 coin- and banknote counting devices you can literally balance the cash within two minutes. However, the Safescan 2665, 2685 and the 6155 are capable of much more!

Choose the optional Safescan Money Counting Software and you can view, print and save all counting results on your pc. The counting results can be linked to individual employees or cash registers for optimal management of the money flows. With one glance you can see how much money – specified per type of coin or note – the cash register contains.

- Upload counting results to PC
- Store counting results on PC
- Printing of counting results
- Complete overview of total counting history
- Adjustable preferences such as; start cash register and periodic overviews etc.
- Currency updates available via USB-interface
- Software in 7 languages; EN, DE, FR, IT, ES, PT and NL
