

SAFESCAN 70

UV & WHITE LIGHT COUNTERFEIT DETECTOR

UV DETECTOR WITH 3-POINT DETECTION

The Safescan 70 offers a complete solution for quickly authenticating banknotes, credit cards, passports and other ID documents.

Its compact size fits perfectly into any point-of-sale location. Safescan 70 features a powerful UV lamp to verify the critical features in banknotes (all currencies) passports, ID cards, credit cards and all other official documents. The large white LED light area gives you a clear view on the watermarks, microprint and metal thread instantly.

- Powerful 9W UV lamp
- With reflector for extra powerful UV light quality
- Large white light area (16 LED's)
- Suitable for all currencies
- Verifies the UV features in banknotes
- Verifies watermarks, microprint and metal thread
- Verifies credit cards, passports and other ID's
- Automatic on/off sensor saves energy and improves lamp lifetime
